Towns of Newark, Elizabeth Town, Raway, Woodbridge, Bonum Town, Pifcaraway, and Brunfwick, to Princeton , where they meet and Erchange Mails with the Polls from Philadelphia, who pals thro' Frankfort, Briffel, Trenton, and Maidenhead. Thefe Posts the next Day (Toefday) return with the Mails to the above Office in New York, and to Mr. Brautord's, at the Coffee Monfe in Philadelphia, From whence other Pofts fet out for the Weftward and Eaftward at the utual Times. and properly adjuded. The Subjectiver having at all Times, acted con-filently, and to the utmost of his Power, in Support of the English Confliction, and the Rights and Liberties of his Countrymen, the Inhabitants of the British American Colonies, especially as a Printer, regardless of his own Personal Safety or Private Advantage; and having always, both by Speech and Publications from his Prefs, openly, fully, and plainly denied the Right of the British Parliament to tax, or make Laws to bind Americans, in any Cafe whatfoever, without their own free Confent ; and done his utmoft to flimulate his Countrymen, with whom he is determined to live or die free, to affert and defend their Rights, againft the Encroachrents and unjust Claims of Great-Britain, and every other Power. And as he has, by this Conduct, incurred the Displeasure of many Men in Power, and been a very great Sufferer,—the greatest he believes, in this Country—by the Stoppage and Obstruction given to the Circulation of his News-Papers by the Post Office, which has long been an Engine in the Hand of the British Ministry, to promote their Schemes of enslaving the Colonies and destroying the English Constitution; (the very Institution and Existence of this Office, afforded the Ministry, one of the most plausible Arguments in favour of their pretended Right to tax the Colonies, and was a Precedent of their admiffion of that Right, and of the exercise of it.) And as the Colonies are, at length roufed to defend their Rights, and in particular to wrest the Post Office from the tyrannical Hands which have long held it, and put it on a Constitutional Footing; and many Gentlemen among the most hearty and able Friends to America, in this and the neighbouring Colonies, both in and out of the Continental Congress, having encouraged the Subscriber to hope, that they think him a proper person to hold the Office of Post Master in this Colony, with the Business of which he is well acquainted, and will favour his Application for the same; He humbly requests the Favour, Concurrence and Assistance of the Honorable Convention of Deputies for this Colony, in his Appointment to the said Office, the Duties of which it will be his constant Care to discharge with Faithfulness, and in particular to wreft the Post Office from the be his conftant Care to difcharge with Faithfulpefe, and to general Satisfaction, ever grateful for Fa-JOHN HOLT.

WILLIAMSBURG, Virginia, June 30. Early yefterday morning failed from York town his Majefty's thip Fowey, and the Magdalen fchooner ; which late, we are informed, proceeds to England immediately, with Lady Dunmore and the reft of the Governor's family, attended by his Lordship's Chaplain, the Reverend Mr. Gwatkin.

July 1. The General Affembly have adjourned to the 12th of October next, and the Delegates are fummoned to meet in Convention, at the town of Richmond, on the 17th inftant.

At a meeting of the inhabitants, laft Tuefday, at the court house, it was agreed upon to represent to the Delegates in Con vention, the expediency of a reinforcement of men from the adjacent counties, to be fiationed here with the city company, on account of the late alarming report of troops being deflined for this colony, from Great Britain. The number thought requifite at prefent is 250. It is generally believed this meafure will be approved of in Convention, and that the towns below this will be provided in like manner; fo that, in cale of emergency, the whole can unite upon the Mortelt notice, and act in opposition to any strempt that may be made by the British troops towards the defiruction of public liberty in this colony.

From Princels Anne, we hear, that on the eastern thore of that county, lately drifted there feveral parts of a wreck quantities of hay, a drummer's uniform, and fome other military habits, which make it probable that one of the transports has been loft near that thore.

On Tuefday night a party of men was fent from Roxbu, y Camp to Long 10and, in Bofton harbour, from whence they brought off 15 of the enemy prifoners, between 20 and 30 horned cattle, and about 100 Sheep. The prisoners were brought to head quarters yellerday, and foon after fent to Con-

cord. Governor Wentworth, a native of New-Humsthire, has rendered himfelf fo juftly obnexious to his countrymen by promoting the arbitrary measures of the British King and ministry, that he has tho't it prudent to repair on board a man of war for proterion.

NEW LONDON. July 14. Laft Lords day afternoon, a barge was fent with two fwivels and number of fmall arms, from the King fifter man of war, (which was lying in the found off the mouth o ! Connectiont river) in chase of a schooner

belonging to Rocky Hill, which was bound into the river ;-the schooner grounding on Say Brook Bar, the was bearded by the people from the barge, who attempted to get her afloat, but finding they could not, left her. On fight of the barge, numbers of arm'd people immediately collected on the points, each fide the river, when a number of that were exchanged on both fides. Our people received no damage—what damage was done to the people in the Barge we don't learn, but upon receiving our are they immediately rowed in great halte further from fhore,

Prescot Bulkly, from St. Vincents : Of Say Brook the came up with Captain Bulkley-vifited his veffel-treated him with civility, and acquitted them. Tuefday evening 11th, the above thip was off Stratford Point, bound to New York.

Received laft Evening, New Orders. To all owners and mafters of veffels—be it known, that from and after this day, no veffel is permitted to begin her lading for any port whatever, until the owner himfelf, of fuch veffel, and mafter, appear in the Cufto: House, and there give bonds.

PHILADELPHIA, July 19. Capt. Cox informs, that a veffel was arrived at Liverpool from Rhode Island, who carried only a verbal account of the battle of Lexington, which the inhabitants would not give the leaft credit to, fo that the poor Captain was obliged to hold his tongue, for fear of infults, as they faid it was imposible that peafants should beat Regulars. Extract of a Letter from the Camp at Cam-

bridge, July 8. "Yefterday our troops fet fire to the ministerial troops's guard house on the Neck, which they effected in the following manper : The night before, a number of our brave troops brought down two field pieces from Roxbury to the Neck ; a few conceal. ed themselves in the grafs, not far from the house, with combuttibles ready, whenever the fignal was given, to execute their part, which was on firing the field pieces) little before day our people discharged the cannon, and fhot through the guard house ; upon which the guard ran out ; our people, who lay in Ambufh ran in, fet it on are, and went of with a mufket, two bayonets, and a halbert .- The Regulars perceiving the house on are, returned to extinguith it, but in vain, the few who concertthis fcheme got a reinforcement, And plied them with fmall arms, till the house it, our people or their's; nor do I exped it was confumed."

By authentic accounts from South Carolina, we are informed, That the colony of Georgia have appointed Delegates to the Confinental Congress now in this city, where better. At Roxbury fide the enemy have they may be expected daily to arrive .- The fame accounts inform, That the people of Iweeps off commonly 25 men a day; that Carolina have taken into their poffession about 130 barrels of gun powder imported in the thip ---- , Capt. Maitland, from

bridge, dated July 9, 1775. "Yefterday morning at half paft two e'clock we were called up, and informed the enemy had attacked our lines at Robury ; we heard diffinelly a firing of fmall arms and artillery on Rosbury Neck, and foon discovered a great fire in that quarter; but two hours elapsed before we knew the cause, which was as follows : 10.

Two hardred volunteers, from the Rhode Ifland and Maffachuletts Forces, undertook to burn a guard house of the regu lars on the Neck, within 300 yards of the enemy's principal works ; they detxched 6 men about 10 o'clock in the evening, with orders to crofs on a marth up to the rear of the guard house, and there to watch an opportunity to are it; the remainder of the volunteers fecreted themselves in the marth on leach fide the Necki about 200 yords from the house; two pieces of brais artillery were drawn loftly on the marsh within 300 yards (and upon a fignal from the advanced party of 6 men) two rounds of can- and a note he fent in from hence ; it is in the non that were fired through the guard- parliamentary firain, but withes exceedinghoufe : Immediately the regulars, who formed a guard of 45, or 50 men, quitted the house, and were then fixed on by the mulketry, who drove them with precipitation into their lines ; the 6 men peffed near the house, fet fire to it, and burnt it to the ground; after this they burnt another house nearer the enemy without loling a man, they took two mulkats, and accourrements, a halbert, &c. all which were blondy, and thewed evident marks of loss on the part of the regulars; the houses had been a long while made use of by the regulars as an advanced pol, and gave them an opportunity of discovering our operations at Rosbury.

"Yesterday afternoon some barges were founding the river of Cambridge near its mouth but were foon obliged to row off by our Indians (co in number) who are encamped near that place.

Scers and foldiers in the affair of the 17th of June : from feveral perfons who are to be credited, it exceeds 900 killed and mortally wounded, befides a great number, difabled trom future fervice. " It is faid almost all the officers of the

" The enemy loft a great number of of-

in the engagement, leading and forming the foldiers to mount the hill ; this may account for fo many officers being killed and wounded, as 92 -Some accounts mention a general deftruction of ferjeants and corpo rals .- We have frequent interviews with the regular efficers in a valley between the two fortified hills, our Centries are not more than 100 yards off each other, both fides are fill bufy in fecuring themfelves. There is fearcely a house in the lower part of Roxbury, that is not much injured by thot and bembs .- Our people have loft only one man by them, which is very remarkable, as 100 at least were fired into Roxbury laft week."

Extract of a letter from the Camp at Cam-

bridge, July 11

" The General's Express, that ought to have left this four days ago, is not yet gone. I therefore fit down to give you fame description of our fituation here, and that of the enemy --- The enemy are fituated on Bunker and Breed's hills, both on the Penin fula, where the late town of Charlestewn food, and within reach, and under the cover of the gans, from the batteries in the town of Bofton, and the fhips in the harbour and of a number of floating batteries, which they have built, that carry two guns in their bows, two in their fterns, and one on each fide. Our people are fituated from Charles River, about 200 rods below the College, where we have a redoubt, which begins the line; then about 60 rods from that another redoubt, and lines continued near 100 rods; then at Charlestown road on the west fide of the road at the foot of Profpect Hill, another redeubt and ftrong fortifications; then on Profpect Hill, is Put. nam's Poft, a very ftrong fortification : then between that and Winter Hill, a redoubt. "We have just heard that our men have furprized and burnt the only remaining advanced post on the Neck, where the enemy could have a guard-house; -and also that five large thips, feemingly tuil of men, have failed out of Botton this morning, but tor what purpose we cannot learn."

HORATIO GATES, Adjutant General. On the 10th of June laft, a Murder was committed at a Place called Butternut, a new Settlement, chiefly of Scots People, in Tryon County, near Cherry Valley, on the Body of one Jofiah Jackson, who kept House slone, and was supposed to have Some Mopey by him. His Clothes were carried off, but a Purle of Money was found

concealed in the Houfe.

He had an unruly Cow that would not be milked but when the Calf was tucking her. And it is supposed when he was Milk. ing her, he was thot, and that by two, or more Perfons, for three Bullets and a great Number of Swan Shot had penetrated his Body and Thighs, and had likewife killed the Calf; his Head had been iplit open by a Tomahawk. It appear'd, that at a fmall Diffance, a Fire had been made the Day or Night before, in a Thicket, where the Boughs were bent down in the Indian Manner, in Order to conceal the Light, with only a fmall opening to fire through. Some of thefe Circumftances caufed the Inhabitants to imagine, that the Murder had been perpetrated by the Oneida Indians. and that this was only a Commencement of Hoftilities ; They immediately fent an Ac count of the Affair, and of their Sufpicions of the Indians, to the Inhabitants of Cherry, Valley, and were preparing to move off, and evacuate the Settlement. The accounts he carried of the battle, were published, Lord North was thunder ftruck at the tight-Lord Dartmouth fent for Capt. The people were much furprifed at the account, the merchants diftreffed on account of their property-parliament had been but two days prorogued, and it was expected would be called again foon-every thing in a great ferment-administration had given out, that New York had deferted the other colonies, which report Capt, Darby could not contradict-and that a general difunion would take place-for this report the condust of your - Affembly gave too much ground. Captain Darby's veffel plied on and off for him and never went into any harbour, per was it known in what part of England he landed. Gen. O ECONOMY is commendable, while confined within certain timits, but in exceeding hole, it degenerates into fordid parlimony i un els your appointments for your officers, are fach as will fepport them genteelly; you must dispose of them, either to men of for une, who ferve only for their pleafure ; or to indivent wretches, who are deftitute of fpirit : she former of thefe, I make but fmail account of, as being, for the most part, imtion; who are addicted to perpenual irregularities, and no more than mere Libertines : The latter are fe depreffed, that it would be mureafonable to funpole them capable of any thing great or noble ; for as preferment la not rendered an object of fufficient imperiance to influence their passions their ambi-tion is naturally foon granified, and they are full as happy to remain in their old flations, as to ac-cede to higher, at any expence."

The address of the inhabitants upon Lake Champlain to Col.
